

FUSION MAX

FEATURES & BENEFITS

Primeview's new line of LED includes the world's most flexible, Ultra HD (3840 x 2160), bezel-free panel display, and eliminates the concerns required with other video wall solutions.

Available in a striking 165" or 220", it excels as a solution for digital signage, up-close immersive use, and virtually everything in between. And its scalable 16X9 building block LED means it can be installed in a wider variety of spaces for maximum impact of Executive Boardrooms, Classrooms, Simulation, Retail, Customer Experience Centers, Private Theaters.

INDOOR LED DISPLAY

The building block of the Fusion Max Series of turn-key LED solutions are the Fusion Line of new LED. This is comprised of front-serviceable Fanless cabinets from 0.9mm and 1.2mm miniLED's. All Fusion LED comes standard with 3-in-1 Integrated Board Design (Power, Receiving Card & Bridge-board), 100k hours rating, 160/160 wide viewing angles, pedestal or wall-mounted framing accessories, and no-hassle 5-year onsite parts and labor warranty.
