

FUSIONMAX™

UHD

FEATURES & BENEFITS

Primeview's new line of LED includes the world's most flexible, Ultra HD (3840 x 2160), bezel-free panel display, and eliminates the concerns required with other video wall solutions.

Starting with **165"** and as large as **440"** in display size, it excels as a solution for premium signage, mission critical data analysis, and virtually everything in between. With its simple design and perfect aspect ratio, it can be installed in a wider variety of spaces for maximum impact of Executive spaces, Medical Simulation, Command and Control, Luxury Retail, Customer Experience Centers and Private Theaters.

INDOOR LED DISPLAY

The building block of the FusionMAX™ Series of turn-key LED solutions are the Fusion Line of new LED. This is comprised of front-serviceable Fanless cabinets from 0.9mm and 2.5mm Fusion LED. All Fusion LED comes standard with 3-in-1 Integrated Board Design (Power, Receiving Card & Bridge-board), 100k hours rating, 160/160 wide viewing angles, wall-mounted framing accessories, trim kit / classing and no hassle 5-year onsite parts and labor warranty.
